POLLUTION

There are lots of environmental problems nowadays, mainly because of pollution. It is the contamination of air, water and soil by different materials that interfere with human health and quality of life.

The emissions form industries and engines, including cars, are big causes of air pollution and simple things that we do at home, like using aerosols, have bad effects on the ozone layer, which protects life on Earth from ultraviolet radiation.

Water is also suffering from pollution by domestic, municipal and also industrial waste.

It is up to us to stop damaging the environment. We all should be environment friendly!

My best friends

Patrick

Josh

Andy

Susie

Angelica

Hi! I'm Andy. I'm ten years old. I like sport but I love eating, too. After school I often go to the fast food bar and buy a hot dog. I'm not good at swimming but I'm a good handball player. Patrick is my friend. He is nine years old. He loves football and he is a great swimmer. Josh is eleven years old and he is a basketball player in our school team. He's the captain. He can't swim. Susie is my friend, too. She is eleven years old and she plays basketball very well. She is the captain in the girls' team. She loves swimming and she never eats fast food. Angelica is eight years old. She swims and runs a lot. She doesn't care about her diet and she eats a lot of junk food. She loves doughnuts.
